

## § 1005.8

a finding, the market administrator shall investigate the need for adjustment either on the market administrator's own initiative or at the request of interested parties if the request is made in writing at least 15 days prior to the date for which the requested revision is desired effective. If the investigation shows that an adjustment of the shipping percentages might be appropriate, the market administrator shall issue a notice stating that an adjustment is being considered and invite data, views and arguments. Any decision to revise an applicable shipping percentage must be issued in writing at least one day before the effective date.

(g) The term pool plant shall not apply to the following plants:

(1) A producer-handler plant;

(2) An exempt plant as defined in §1000.8(e);

(3) A plant qualified pursuant to paragraph (a) of this section which is not located within any Federal order marketing area, meets the pooling requirements of another Federal order, and has had greater route disposition in such other Federal order marketing area for 3 consecutive months;

(4) A plant qualified pursuant to paragraph (a) of this section which is located in another Federal order marketing area, meets the pooling standards of the other Federal order, and has not had a majority of its route disposition in this marketing area for 3 consecutive months or is locked into pool status under such other Federal order without regard to its route disposition in any other Federal order marketing area;

(5) A plant qualified pursuant to paragraph (c) of this section which also meets the pooling requirements of another Federal order and from which greater qualifying shipments are made to plants regulated under such other order than are made to plants regulated under the order in this part, or such plant has automatic pooling status under such other order; and

(6) That portion of a pool plant designated as a "nonpool plant" that is physically separate and operated separately from the pool portion of such plant. The designation of a portion of a regulated plant as a nonpool plant must be requested in writing by the

handler and must be approved by the market administrator.

### § 1005.8 Nonpool plant.

See §1000.8.

### § 1005.9 Handler.

See §1000.9.

### § 1005.10 Producer-handler.

*Producer-handler* means a person who:

(a) Operates a dairy farm and a distributing plant from which there is monthly route disposition in the marketing area;

(b) Receives no fluid milk products, and acquires no fluid milk products for route disposition, from sources other than own farm production;

(c) Disposes of no other source milk as Class I milk except by increasing the nonfat milk solids content of the fluid milk products received from own farm production; and

(d) Provides proof satisfactory to the market administrator that the care and management of the dairy animals and other resources necessary to produce all Class I milk handled, and the processing and packaging operations are the producer-handler's own enterprise and are operated at the producer-handler's own risk.

### § 1005.11 [Reserved]

### § 1005.12 Producer.

(a) Except as provided in paragraph (b) of this section, *producer* means any person who produces milk approved by a duly constituted regulatory agency for fluid consumption as Grade A milk and whose milk (or components of milk) is:

(1) Received at a pool plant directly from the producer or diverted by the plant operator in accordance with §1005.13; or

(2) Received by a handler described in §1000.9(c).

(b) Producer shall not include:

(1) A producer-handler as defined in any Federal order;

(2) A dairy farmer whose milk is received at an exempt plant, excluding producer milk diverted to the exempt plant pursuant to §1005.13(d);

(3) A dairy farmer whose milk is received by diversion at a pool plant
